CODY GRIFFIN

Full Stack Software Developer

📞 903-730-1637   @ griffinc6@gmail.com   🔗 https://github.com/cynogriffin

📍 402 Lakeview St, Whitehouse, TX 75791

EXPERIENCE

Full Stack Developer Bootcamp

Michigan State University

📅 2021 - 2022

- Developed the necessary skills to succeed as a full stack web/software developer, with a focus on the MERN stack
- Able to utilize frameworks to create seamless and modern front-ends for a variety of applications
- Able to build a complete back-end from scratch, including RESTful APIs, SQL and NoSQL databases, cloud deployment through Heroku, and PWAs
- Experienced in Git version control and workflow as well as modern production environments
- Learned the tools and methods to become job ready in the tech field, while also gaining the skills to grow and learn as a developer

Sr. HR Specialist

Target

📅 09/2017 - Ongoing   📍 Tyler, TX

Global Supply Chain Logistics- Regional Distribution Center

- Proficient in word processing, spreadsheets, computer systems (examples include Excel, Word, O365)
- Strong customer/client service skills and ability to communicate (written and verbal) with all levels of organization, both internal and external
- Anticipates problems (and escalates when appropriate), demonstrates strong prioritization and organization skills, catches errors, and takes action to complete tasks accurately and on time
- Provides technical and administrative support to the HR team by accurately maintaining employee records, owning administration of employment orientation, compensation/benefits, supporting execution of cyclical processes, workers compensation, payroll and owning all required record keeping
- Key strategic partner for leadership, as well as a valuable resource and guide for team members, providing guidance, and support to make them successful
